DEDICATION

We the class of 1953, dedicate this yearbook to all the graduates of New Straitsville High School.

On the following page there is a short history of the school which was prepared by Mrs. Mabel E. Devol. There is a list of all the graduates of the preceeding years. It has been seventy years since the graduation of the first class. In those seventy years, there has been 1189 graduates.

The Seniors held a contest to decide a permanent name for the year book. The winning name "Memories" was submitted by Jimmy Cottrill, who is in the fourth grade. He will receive a free copy of this Annual and we offer him our congratulations.

We are looking forward to this coming May when we will become members of your group.

Education Through The Years

Seventy-two years ago our town was in a formative stage. The nearest settlements were a few widely scattered hamlets and the village of Straitsville, from which the town got its name, New Straitsville. Houses were few and far between. Not far from the main highway leading to Old Town, as it is now called, stood one of these, known as the School House. It was a typical frontier affair, built of logs, with a puncheon floor and slab seats, but it served its purpose until a new building was erected.

In 1871, The Straitsville Mining Company donated a lot as a site for a school, upon which a brick building was promptly constructed, containing four rooms, two up and two down, with a large center hall on each floor. Because of the rapid growth of the town, the building was soon found to be inadequate. The School Board purchases two lots, and four rooms, of frame construction, were added to the brick building.

The building was the center of activity for the town. Church services were held there by people of different creeds; The Odd Fellows Lodge meetings were held there; community entertainments were provided, one type of which was a Magic Lantern Show. It would be difficult to describe this to the younger children of today, but the older folks think of it as primitive television.

With the continuing growth of the town it again became necessary to enlarge the school building, and another two rooms, also of frome construction, were added.

The school, at the time, provided Primary, Intermediate and Grammer School for nine years and a period of three years for High School. In 1914 a four-year course for High School was adopted.

Our school is now operated under a Six-Six charter granted by the State Department of Education.

Through the efforts of Supt. C. L. Williams and other interested citizens, a small library, under the supervision of Mrs. E. S. Martin, was established in the High School room. This was the nucleus of our fine Public Library which is still closely allied with the school.

The first commencement was held in 1883 with a class of six members. By 1904, the number of graduates had increased to one hundred and sixty-seven.

It was in that year that interested local graduates met to discuss the organization of an Alumni Association. At the meeting, a plan was drafted and officers were elected. Resident and non-resident graduates were contacted and meeting was called for June 14th. In response to the call a goodly number attended. The meeting was called to order by Supt. S. E. Weaver. Those present responded to roll call and letters were read from those unable to attend. A very interesting program was presented, one of the highlights being a selection by the Ladies' Quartet of the class of 1904. The members of the group were Mary Carmichael, Nellie Crandy, Mabel West and Ann Davis. The principal address was given by Professor C. W.

Cookson, a former superintendent of our school. Great interest was shown and a meeting was arranged for the Spring of 1905. With but one exception, meetings have been held annually since that time.

During World War I, a number of our members answered our Country's call to service and those at home endeavored in various ways to show their patriotism. The Alumni Association, by strict and rigid economy, purchased a fifty-dollar Liberty Bond and we now hold a replacement bond of equal value. Again in World War II, many of our members responded to the call of duty, seven of whom made the Supreme sacrifice, viz., Chester Campbell, John Campbell, David Davis, Abraham Hatem, Sloane Holleran, John Lantz and Ivan Thomas. For the third time in this century, members of our Alumni have answered the call, and many are now serving in the military branches of our government.

Our new school building, of which we are justly proud, was erected in 1917. Each of its departments meets the requirements of the State of Ohio. The Library is up to date, very fine indeed, for a town of its size. Most modern equipment is in use in the Home Economics Department. The Professional Course offered in our school enables students graduating from it to enter universities or colleges without further preparation. Students from our Commercial Department are able to secure employment along that line of work. Band uniforms were made possible through the work of the Band Boosters Club and contributions from friends of the school. Enthusiasm runs high in the field of athletics. The P.T.A. is very active and much good is being accomplished.

We are proud also of our faculty. Our superintendent, Mr. William J. Jones, three other high school teachers and four elementary teachers of our school are graduates of this school. All of our teachers are striving for the betterment of our school, as have superintendents and instructors in the past.

Community spirit has constantly prevailed, due in great measure to the strong influence of the school. We trust that the enthusiasm shown through the years will continue throughout the years to come.

The Senior Class wishes to extend its sincere thanks to Mrs. Mabel E. Devol for the writing of our school history.

These pictures, of our school in the early days, were submitted to us by Mrs. Mabel E. Devol.

Class History

The Senior Class of 1953 was first organized in September of 1949. Our class advisor was James Payne. There were twenty-seven members. The class officers were: President, Bob Lloyd; Vice President, Dick Wade; Secretary, Helen Plumley and Treasurer, Joy Babbs. There were eight members in the band, thirteen in the vocal group and seven who played on the Reserve basketball team. Our class dues were twenty-five cents a month. We sold Christmas Cards and sold the refreshments at the basketball games to earn money. We also were represented in the Perry County Music Festival.

In 1950, we became Sophomores under the direction of Miss Marjorie Carr. Our class officers were: President, Bob Lloyd; Vice President, Dale Wolfe; Secretary, Charlene Nixon and Treasurer, Joy Babbs. Our class now had twenty-one members. We had nine members in the band, twelve members in the vocal group and six members playing basketball. Our class dues were twenty-five cents a month. We sold refreshments at the basketball games which was our only source of income besides our dues. We were represented again in the Perry County Music Festival. We were also represented in the District Scholarship Tests. One of our class mates, Bob Lloyd, won ninth place in the district Geometry Test.

In 1951, we became Juniors under the direction of Mrs. Joyce Thompson for the first semester and Miss Emma Jean Micheals for the second semester. We now had seventeen members. Our class officers were: President, Robert Litman; Vice President, Dale Wolfe; Secretary, Helen Plumley and Treasurer, Joy Babbs. Our class dues remained the same. We now had seven members in the band, six members in the vocal group and eight members playing basketball. We again sold refreshments at the basketball games. We had our Junior Carnival and our Junior-Senior reception. We gave a Junior Class play, "Rest Assured", which was well received. We were also represented in the musix operetta "Kentucky Sue". We again had representatives at the District Scholarship Tests. Helen Plumley, one of our class mates, was chosen as the school representative to Buckeye Girls' State in Columbus.

Now we are in our last year as Seniors, our class advisor is Miss Edna Price. Our class officers are: President, Helen Plumley; Vice President, Dale Wolfe; Secretary, Charlene Nixon and Treasurer, Bob Lloyd. Our class dues still remain the same. We now have fifteen members in our class. Five are in the band and five are in the vocal group. This year we are going to give a class play "Grandad Steps Out". We have had one candy sale and expect to have another one. The amount of money received from the first candy sale was donated by the class to the Perry County Childrens' home at Christmas time. We have sold refreshments at the basketball games to earn money. We are working hard to earn enough money to take a trip. Our destination is still unknown.

JUNIOR, SENIOR RECEPTION

We the Class of 1953 entertained the graduates of 1952 with a banquet and dance. As pictures were not taken at the time we have none to put in this annual. But it is the intentions of this year's Junior Class to take pictures of the prom which will occur in April. As this will be too late for the pictures to appear in this years annual they will be in next year's annual.

ODE TO SENIORS

First is Helen Plumley
Be sure she's not in a daze.
She may read Funny books at times,
But she surely brings home her A's.

Here sits Bill Thompson
To him life is just a big whirl.
But he will never forget, you bet,
That Virginia is his best girl.

Here sits Alice Lanning
Her brains are never at rest.
But sometimes we start wondering,
If she likes another town best.

Here sits Kathryn Stephenson
Of the boys she has her pick.
But she'd rather stick to Fiddler,
Let's just call him Dick.

Never a dull moment
With the next girl in line.
It's none other than Joy Babbs,
She always does her work fine.

Next is Dotty Saulbeamer
The short girl of the class.
She'll always be with Slugger,
We know that that can't pass.

Here sits gay, laughing Carol
Her last name, it is Fry.
And we all know, you can just bet,
That life won't pass her by.

Last is Charlene Nixon
Whose initials spell "can."
We're all wishing for her, I guess,
That someday, she'll find her man.

Here sits Dale, the Wolfe of our class
He whistles when girls pass by.
Now that's really not true, to be honest,
Dale's really a bashful guy.

Here sits Richard G. Wade
"Lefty," he's called for his style.
He could get very many girls,
With that easy, winning smile.

Peter Patrick McQuade
Is grinning here at my side.
His clever basketball playing,
Gives his rivals a dizzy ride.

Here's that tall guy named Harris
We know him better as Jim.
And we've all been wondering,
What that redhead things of him.

The next distinguished gentlemen
Robert Litman is his name.
His high scoring for our team,
Will always bring him fame.

Next comes our quiet Bob Lloyd
He's smart and nice and neat.
He's not much interested in girls,
But at basketball, can't be beat.

Next is Thurma Thompson
Bill thinks she is quite nice.
And, of course, we're all pretty certain,
That she'll someday be showered with rice.

Class Poem

-Carol Fry-

GOODBYE

The time is coming close, dear friends,
For us to say goodbye.
To think of the happiness we have had,
In good old New Straitsville High.

The halls will be more quiet now,
The rooms too, will seem still,
As we take our place out in the world,
Leave days that were fun filled.

The bells are saying "goodbye" to us,
As they slowly, softly sway.
We are saying "goodbye" to our childhood,
But "Hello" to a bright, new day.

Class Prophecy

While I was in Grant Hospital in Columbus in 1963, having my annual physical check-up, who should be my nurse but one of my old class-mates, Charlene Nixon. We talked for a while about what our other class-mates were doing. She told me that:

Helen Flumley is a prominent lawyer in New York.

Bob Lloyd is the basketball coach at New Straitsville High School.

Dotty Saulbeamer has been married seven years and has two little Sluggers.

Bill Thompson now is the owner and President of Thompson Heating & Plumbing, Inc.

Alice Lanning is living in Lancaster and has been married to Bill Morgan for eight years.

Dale Wolfe is playing baseball with the Yankees now.

Dick Wade and Pete McQuade have just opened McQuade's and Wadie's Stock-car Racing Track.

Carol Fry is now married and is a typist in Barberton, Ohio.

Joy Babbs has accepted a position at a Cleveland Elementary School teaching the third grade. Her son is a first grade pupil at the same school.

Thurma Thompson is traveling over the United States with her husband, Bill Leaman, who is an engineer.

James Harris and Bob Litman are now basketball referees.

We had not seen each other since high school days, so I told Charlene that I had married Dick Fiddler and had twin boys. She told me that she was quitting the nursing profession and devoting her time to married life. We planned to see each other before another ten years had passed.

Neva Coomer, who entered our school this year from Maxville, placed ninth in the county.

BASKETBALL

VARSITY

The basketball season of 52-53 was not a very successful one for the Big Reds, who ended the season with a 6-16 record. In the county the Big Reds finished in sixth place with a 6-10 record.

The season was opened on October 30, when the Big Reds traveled to Allensville for a basketball carnival, where they dropped two contests. Then on November 7, the Big Reds opened their league schedule by downing Moxahala 80-78 in an overtime. Then the team went into its worst losing streak of the season, by losing the next seven games, before beating Junction City, which ended the first half of our season. In the second half of the season the Big Reds got off to a better start by winning four straight games before losing to McLuney. During that stretch the Big Reds won over Shawnee, Thornville, Corning, and Moxahala. The Big Reds finished their season by losing the next three games. For the sixth straight year, New Straitsville had a member selected on the all county basketball team. Pete McQuade was selected on all the teams picked and Bob Lloyd was also a popular choice although he didn't make any of the teams.

RESERVES

The Reserve basketball team of 1952-53 had lady luck fail them during the whole season as they won only one game. They won the first league game from Moxahala by a score of 24-23. The Reserves were lead by the following players; Joe Williams, John Fletcher, Alan Wilson and Harry Nye. These boys are expected to be good ballplayers in years to come. Other players on the team were; Jim Harris, Bill Robinson, Jim Love, Leroy Vickroy, Dale Wolfe, Cary Walker and Ted and Ned Rush. All the players were good sportsmen and did their best at all times.

We are looking forward to the future years for better won-lost records, but we never expect to see a team work harder or play harder than the Big Reds of 1952-1953.

JUNIOR HIGH BASKETBALL

This years Junior High basketball team had one of the better records for the school this season. The home games were Moxie, Jacksonville-Tremble, Hemlock and Butchel. The away games were Moxie, Hemlock, and Butchel.

Some of the boys whom we expect to see a lot of action on the Reserve Team next season are John Conn, Gary Ross, John Roberts and Jim Pettet. Others coming up from the eighth grade are Kenny McMullen, David Peart, Jim Beougher, Ronnie Chaffin, Ralph Stobbs, Wendell Stephenson and Joe Spencer.

FIFTH AND SIXTH GRADES

The fifth and sixth graders also have a basketball team who someday might be the future team of New Straitsville High School.

They are planning to play Shawnee fifth and sixth graders in the near future. We all wish them good luck.
